Understand Your Pharmacy Benefits

OptumRx provides Harvard Pilgrim members with retail, mail order and specialty pharmacy services, allowing you to have one pharmacy manager for all pharmacy needs.

Log in to your secure online member account to look up your prescriptions

We cover thousands of different medications, but if your current prescription isn't on our list, talk to your doctor about switching to a covered medication.

Many medications we cover have cost-sharing (copayment, deductible or coinsurance) — the amount you'll be responsible for paying, depending on your plan. The medications covered under your plan are organized into different tiers. Typically, the lower the tier, the lower your cost. Refer to your prescription drug plan documents for specific cost-sharing details and a description of the tiers.

Check if your prescription has special requirements

If there is a "PA," "STPA," "QL" or "SP" after any of your prescriptions, talk to your provider. Refer to the "Key Terms" section of this Member Guide for full "special requirements" definitions.

Plan ahead if you take maintenance medication

Maintenance medications are drugs taken regularly for ongoing conditions, such as high blood pressure or diabetes. If you're switching from another health insurance plan to Harvard Pilgrim, make sure you have enough medication on hand to cover the transition period until your new coverage with Harvard Pilgrim begins.

Check your medication expiration date, refill amount and coverage under Harvard Pilgrim. If your medication is not covered, talk to your doctor about switching to an alternate maintenance medication that is covered.

Save money with mail order service

Mail order service provides the convenience of home delivery instead of going to a retail pharmacy. On some plans, your medication may be less expensive if you buy a 90-day supply through this service.

Know Your Care Options

Health care isn't one-size-fits-all. From minor cuts to a sore throat or even a blood pressure check, knowing where to seek care for your situation can save you time and money. As a Harvard Pilgrim member, you and your dependents have access to a variety of options:

When to visit the Emergency Room

If you think you're having an emergency and your life is in danger, call 911 or go to the nearest emergency room. Common medical emergencies that should be treated in the emergency room include choking, heart attack or severe abdominal pain.

When to see your Primary Care Provider (PCP)

For non-urgent needs such as preventive screenings, checkups, immunizations or chronic conditions, your PCP knows your medical history and is best suited to coordinate your care. And, they may also offer virtual health care services for even greater convenience.

When to visit an Urgent Care Center

You can stop by an urgent care center without an appointment for conditions that need immediate treatment but are not considered life-threatening. Examples include minor burns or cuts that may require stitches.

When to go to a Retail Clinic

Retail clinics such as CVS MinuteClinic® and Walgreens Health care Clinic are a good option when you're experiencing mild symptoms such as an ear infection or skin conditions like poison ivy, and you want a health professional to check it out without an appointment.

When to use virtual care, through Doctor On Demand

You can request a virtual visit with a U.S.-based doctor 24/7 for non-emergency conditions such as upper respiratory infection, upset stomach or skin rash using live video or voice call via your smartphone, tablet or computer. You can also access confidential therapy and build an ongoing relationship with the provider of your choice.

When to reach out to our Harvard Pilgrim Care Team

Need assistance managing a chronic condition, understanding costs related to health insurance or coordinating access to quality care? Our Care Team of registered nurses and clinical social workers will answer your questions, help you navigate the health care system and support your health and wellness goals at no cost.

Key Terms

Premium

This is the monthly cost of your health insurance coverage.

Cost-sharing

Your out-of-pocket costs for services included within your health plan including copayments, deductibles and coinsurance.

Copayments

A fixed dollar amount that you pay for a covered medical service, prescription or medication.

Deductible

The amount you owe or pay out-of-pocket during a coverage period (usually one year) for covered health care services before your plan begins to pay.

Coinsurance

This is a fixed percentage of costs that you pay for covered services. For example, if you have a plan with coinsurance, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid an annual deductible.

Out-of-pocket maximum

This is a limit on the total amount of cost-sharing you have to pay annually for covered services. This generally includes copayments, coinsurance and deductibles. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

In-network

Generally, this describes coverage for care that POS and PPO members receive from participating providers in the Harvard Pilgrim network. In-network coverage typically costs less than out-of-network coverage. In most cases, if you have a POS plan, you need to have a referral from your primary care provider (PCP) to another participating provider in order for in-network cost-sharing to apply.

Out-of-network

Out-of-network coverage applies only to POS and PPO plans. Harvard Pilgrim will cover care that POS and PPO members receive from non-participating providers, but it usually costs more than in-network coverage. In addition, if you have a POS plan, you will — in most cases — have out-of-network coverage when you receive care for covered services from participating providers without your primary care provider's referral.

Tier

Medical plans often place providers and hospitals in different categories, or tiers, with different cost-sharing amounts. Typically, you'll save money when you see Tier 1 providers.

Pharmacy Key Terms

Prior Authorization (PA)

The need for your provider to tell us why it is medically necessary for you to receive a covered medication or service. We consult with your doctor(s) to provide you with better health outcomes, cost savings and assure your safety. Contact the doctor who recommended the medication or service. If the doctor believes the medication or service that requires PA is necessary for your treatment, they may submit a request for coverage to Harvard Pilgrim. We'll cover the medication or service if it meets our medical necessity coverage guidelines.

Step Therapy Authorization (STPA)

An automated form of prior authorization that encourages clinically proven use of first-line therapies so that the most therapeutically appropriate and cost-effective drugs are used first, before other drugs may be covered. Some types of step therapy include requiring the use of generics before brand name drugs or preferred drugs before non-preferred brand name drugs. Check our step therapy drug list to find out which step your drug is on. If you haven't previously taken the steps we require, and your doctor believes the drug prescribed for you is necessary, your doctor may request authorization. You can check the list by visiting [harvardpilgrim.org](https://www.harvardpilgrim.org). Click on "Plan Details," then select "Prescription Drug Benefits."

Quantity Limitation (QL)

The quantity limit for a medication that can be purchased at any one time. A common QL is a 30-day supply, which is the maximum number of units needed for 30 days based on the prescribed daily/weekly dose. You're covered for up to the quantity posted in our covered drug list. If your doctor believes you need to take more than that quantity, the doctor may submit a request for authorization.

Designated Specialty Pharmacy (SP)

A pharmacy management program that requires members to purchase selected medications from specific sources. Once your membership is effective, log in to [harvardpilgrim.org](https://www.harvardpilgrim.org). Click on "Plan Details," then select "Prescription Drug Benefits," or contact our Member Services department to help you receive your medication without interruption.

Non-Covered (NC)

Medications that are not currently covered by us. If your provider feels you require this medication, your provider should contact us. They may submit a request for coverage to Harvard Pilgrim. We will cover the medication if it meets our coverage guidelines. If the request is approved, you will be covered for your prescription.

New-to-Market Drug Evaluation (NTM)

In an effort to ensure the new-to-market prescriptions that we cover are safe, effective and affordable, we delay coverage of many new drugs until a physician specialist reviews them. If your doctor feels you need a new medication, they can contact us to request coverage.

Important Information About Your Plan

The following information refers to plans offered by Harvard Pilgrim Health Care and its affiliates ("Harvard Pilgrim").

When you need care

If your doctor admits you to a hospital for a test, surgery or other procedure, including admission for surgical day care, hospital representatives are responsible for notifying Harvard Pilgrim on your behalf. There are a few procedures that require Harvard Pilgrim's authorization, and your doctor is aware of the procedures he/she must discuss with us before they take place.

To find out where our participating doctors admit patients, visit our online directory at [harvardpilgrim.org](https://www.harvardpilgrim.org). Or you can call one of the telephone numbers at the end of this document to have one of our representatives assist you.

Harvard Pilgrim requires prior authorization (prospective review of medical necessity and clinical appropriateness) for selected medications, procedures, services and items. The prior authorization process is used to verify member eligibility and facilitate the appropriate utilization of these elective, non-urgent services. Visit [harvardpilgrim.org](https://www.harvardpilgrim.org) to see Prior Authorization for Care details.

When you're in the hospital, Harvard Pilgrim's nurse care managers are available to work with your doctors and other providers to ensure that you receive the care you need. They may evaluate the quality and appropriateness of the services you receive, and when you no longer need hospital care, will work with your medical team to coordinate the services you need in an appropriate clinical setting (e.g., at home, or in a skilled nursing or rehabilitation facility).

In situations where Harvard Pilgrim was not notified of services (e.g., when a member was unable to give insurance information to providers), a post-service review may be completed to evaluate proper use of services or to identify quality of care issues.

Appeals

You may file a complaint about a coverage decision or appeal that decision with Harvard Pilgrim. For details, see your Benefit Handbook.

To access your Benefit Handbook online, log into your personal account on harvardpilgrim.org, click on More Tasks from your Member Dashboard and select View My Plan Documents under Documents. For assistance, call Member Services at 888-333-4742.

Harvard Pilgrim also requires its business partners who administer health care coverage to you on our behalf to protect your information in accordance with applicable state and federal laws.

Medical Coverage & Cost-Sharing Guide

Maine's Choice Plus HMO

With this plan, you must receive care from medical professionals and hospitals that participate in Harvard Pilgrim's provider network, except in a medical emergency. Otherwise, you will be responsible for paying all charges.

› **Primary care provider (PCP) required**

› **Referrals needed for most specialists**

› **In-network coverage only**

› **Save money when you receive care from Preferred Network providers**

A PCP is key to good health

A PCP is the doctor, nurse practitioner or other qualified medical professional you see for annual checkups and for treatment when you're sick or injured.

- Because this plan requires you to have a PCP, we will assign one to you automatically if we don't have one on file for you or if you don't select one when you enroll.
- You and each of your dependents can choose different PCPs from our network of participating providers.
- Find a PCP or see if your current provider is in our network at [harvardpilgrim.org/providerdirectory](https://www.harvardpilgrim.org/providerdirectory)

Getting care with the Maine's Choice Plus HMO plan

Routine and preventive care*

There's no extra charge for routine annual exams with your PCP and many preventive tests and services. Other tests and services your PCP orders may require cost-sharing.

Behavioral health care**

Your plan covers in-person visits with thousands of participating licensed clinicians; you do not need a referral. Virtual visits via smartphone, tablet or computer are also available.

Specialty care

You will need your PCP's referral before your plan will cover most kinds of specialty care (e.g., dermatology, physical therapy, etc.). Certain types of visits (e.g., routine eye exams and OB-GYN care) do not require referrals.

Care when you're traveling

Your plan covers emergency care if you get sick or injured anywhere in the world.

Acupuncture and chiropractic treatments

Acupuncture and chiropractic benefits are included without referrals on most plans.

Hospital care

Prior authorization is required for any tests, surgery or treatment you receive at a participating hospital, except in a medical emergency. Your PCP or specialist will work directly with Harvard Pilgrim to obtain prior authorization for your treatment.

Urgent and emergency care

If you have a non-life-threatening illness or injury and your doctor's office is closed, you have a variety of options for getting care. Of course, if you think you're having a medical emergency, go to the emergency room or call 911. Learn more about your care options at [harvardpilgrim.org/urgentcareoptions](https://www.harvardpilgrim.org/urgentcareoptions)

What you pay for services

Cost-sharing is the portion you pay for specific services like office visits, X-rays and prescriptions.** Copayments, deductibles and coinsurance are examples of cost-sharing.

Coinsurance: A fixed percentage of costs you pay for covered services. For example, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid your full annual deductible.

Copayment: A flat dollar amount you pay for certain services on your plan. You may have different copayments for different services (e.g., primary care visits, specialist visits and prescription drugs). Copayments are normally due when you have your appointment or pick up prescriptions at the pharmacy.

Deductible: A set amount of money you pay out of your own pocket for certain covered services. If you have a \$2,000 annual deductible, for example, you will have to pay \$2,000 worth of charges before Harvard Pilgrim helps pay. Copayments and coinsurance do not count toward your deductible.

Out-of-pocket maximum: A limit on the total amount of cost-sharing you pay annually for covered services. This generally includes copayments, deductibles and coinsurance. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

See the Schedule of Benefits for more details on your coverage and cost-sharing amounts.

* Preventive services that fall under the federal Affordable Care Act.

- Certain over-the-counter medications

What is not covered?

- Most brand-name drugs with generic equivalents
- Cosmetic drugs
- Some brand-name and higher-cost generic drugs

Are there limitations on certain drugs?

Yes, we may limit the quantity of some drugs we cover. For example, you may be able to receive only a certain number of pills or doses.

Do some drugs require prior authorization?

Yes, certain drugs do require prior authorization. This process helps us ensure that you are using the most effective and safe medications for your health conditions. Your prescriber must request prior authorization on your behalf.

Can I request an exception?

Yes. If you need a drug that we either don't cover or limit, you or your provider can ask us for an exception. For details, visit [harvardpilgrim.org/rx](https://www.harvardpilgrim.org/rx). Choose the year and then **Value 5-Tier** for information on exceptions.

What is step therapy?

Step therapy is a process that requires you to first try one drug for a medical condition before we cover another drug for that condition. For example, if Drug A and Drug B both treat the same medical condition, we may require you to try Drug A first. If Drug A does not work, then we will cover Drug B.*

How can I learn more?

Use our online Prescription Drug List to find out which drugs we cover. It will show you which ones have quantity limits or require prior authorization or step therapy. Visit [harvardpilgrim.org/rx](https://www.harvardpilgrim.org/rx), choose the year and then **Value 5-Tier** to find out how your drugs are covered.

What kinds of over-the-counter medications are available in Tier 1?

Tier 1 includes certain cough, cold and allergy medicines; skin treatments (dermatology); stomach medicines (gastrointestinal); pain relievers; and eye preparations (ophthalmic).

How can I get an over-the-counter medication covered under my prescription drug benefit?

Visit [harvardpilgrim.org/rx](https://www.harvardpilgrim.org/rx) and choose the year and then **Value 5-Tier**. Use the Prescription Drug Lookup to find out which over-the-counter medications are included in Tier 1. Ask your provider to write a prescription for the generic version and have it filled at a participating pharmacy.

*If you have already tried Drug A or are unable to try Drug A, an exception may be granted.

Filling Your Prescriptions

Where can I get my prescriptions filled?

You can get your prescriptions filled at any of the more than 68,000 retail pharmacies that belong to our national participating pharmacy network. To confirm whether your pharmacy is in the network, visit harvardpilgrim.org/rx, choose the year and then **Value 5-Tier** to find participating pharmacies.

Can I get a 90-day supply?

If you take maintenance medications (i.e., ones you take continually for conditions such as heart disease, diabetes or depression), you can get a 90-day supply from many retail pharmacies or through our mail order program.

To learn more, visit harvardpilgrim.org/rx, choose the year and then **Value 5-Tier** for details. Depending on your coverage, your cost sharing may be lower when you get these drugs through the mail order program.

What if I take specialty medications?

If you take medications for conditions such as hepatitis C, multiple sclerosis or rheumatoid arthritis, your provider must order your prescriptions through our designated specialty pharmacy. Visit harvardpilgrim.org/rx for information on our specialty pharmacy program, choose the year and then **Value 5-Tier** for details.

What do I pay for my medications?

Depending on your plan, your payments — also called “cost sharing” — may include a combination of copayments, coinsurance and a deductible. Refer to the Prescription Drug Coverage insert or Schedule of Benefits to find out what you will pay when you pick up prescriptions at the pharmacy.

If you have questions about your prescription drugs, please speak with your doctor.

Learn more at harvardpilgrim.org/rx or call **888-333-4742** TTY: **711**.

Coverage for Over-the-Counter Medications

Your health plan includes coverage for certain generic over-the-counter (OTC) medications. This means cost savings on the essentials in your medicine cabinet.

Here's how it works:

- › Use the online lookup tool at harvardpilgrim.org/rx to see which OTC medications you take are covered.
- › Ask your provider to write a prescription for the covered medication, for up to a 90-day supply.
- › Bring the prescription to any in-network pharmacy* so that the pharmacist can give you the proper medication.
- › You pay Tier 1 cost sharing instead of the retail price. If you have an HSA plan, you pay either our discounted rate or the retail cost, whichever is lower, until you meet your deductible, and then Tier 1 cost sharing applies.

There's another advantage: because your provider will be giving you a prescription for the OTC medications you take, your medical records will have a more complete medication history.

Below are the types of OTC medications that are covered along with a complete listing by medication:

Type of Therapy	Purpose
 Cough, cold, allergy	<ul style="list-style-type: none">› Antitussive (cough suppressant)› Expectorant› Nasal decongestant› Antihistamine› Nasal spray

Schedule of Benefits

Harvard Pilgrim Health Care, Inc.

MAINE'S CHOICE PLUS HMO

MAINE

Please Note: This plan includes a tiered provider network called the "Maine's Choice Plus" Network. In this plan, Members pay different levels of Copayments, Coinsurance or Deductibles depending on the affiliation of the provider delivering a Covered Benefit. If a Provider changes affiliations at anytime, the network of that Provider may also change. Please consult the Maine's Choice Plus HMO Provider Directory or visit the provider search tool at www.harvardpilgrim.org prior to your services to determine into which network your provider or facility falls.

This Schedule of Benefits states any Benefit Limits and Member Cost Sharing amounts you must pay for Covered Benefits. However, it is only a summary of your benefits. Please see your Benefit Handbook for details. Your Member Cost Sharing may include a Deductible, Coinsurance, and Copayments. Please see the tables below for details.

In a Medical Emergency you should go to the nearest emergency facility or call 911 or other local emergency access number. A Referral from your PCP is not needed. Your emergency room Member Cost Sharing is listed in the tables below.

Medical Necessity Guidelines

We use clinical review criteria to evaluate whether certain services or procedures are Medically Necessary for a Member's care. Members or their practitioners may obtain a copy of our Medical Necessity Guidelines on our website at www.harvardpilgrim.org or by calling the Member Services Department at 1-888-333-4742.

Member Cost Sharing

Members are required to share the cost of the Covered Benefits provided under the Plan. This section describes the payments for which you are responsible, called Member Cost Sharing. The tables, set forth below, show the specific Member Cost Sharing amounts for the different services covered by the Plan.

There are two types of Plan Providers: (1) Preferred Providers and (2) Standard Providers. Member Cost Sharing for Covered Benefits depends upon what type of Plan Provider you see. Services received by a Preferred Provider will result in lower Member Cost Sharing. Services received by a Standard Provider will result in higher Member Cost Sharing.

The Plan's Provider Directory lists all Plan Providers and network placement. You can access the Provider Directory at www.harvardpilgrim.org. You may also obtain a paper copy of the directory, free of charge, by calling Harvard Pilgrim's Member Services Department at 1-888-333-4742.

Please Note: Primary Care Providers are available in the Preferred Network and the Standard Network. Each enrolled Member must choose a PCP in either the Preferred Network or the Standard Network in order to obtain Covered Benefits.

Office Visit Cost Sharing Levels

Office visit cost sharing may include Copayments, Coinsurance, or Deductible amounts, as described throughout this Schedule of Benefits. There are two types of office visit cost sharing

EFFECTIVE DATE: 01/01/2024

FORM #2496_08

SCHEDULE OF BENEFITS | 1

that apply to your Plan: a lower cost sharing, known as "Level 1," and a higher cost sharing known as "Level 2."

Level 1 applies to covered outpatient professional services received from the following types of providers: all Primary Care Providers (PCPs); obstetricians and gynecologists; licensed mental health professionals; certified Nurse midwives; and Nurse practitioners who bill independently.

Level 2 applies to covered outpatient professional services received from specialty care providers.

Your Plan may have other cost sharing amounts. Please see the benefit table below for specific cost sharing requirements.

Covered Benefits

Your Covered Benefits are administered on a Calendar Year basis. Your Member Cost Sharing will depend upon the type of service provided and the location the service is provided in, as listed in this Schedule of Benefits. For example, for services provided in a Physician's office, see "Physician and Other Professional Office Visits." For services provided in a Hospital emergency room, see "Emergency Room Care," and for outpatient surgical procedures, please see "Surgery - Outpatient."

When you receive a service at your home (other than home health care), your Member Cost Sharing will be the same as when the service is provided in an office or facility. For example, if you have a physician visit in your home, see "Physician and Other Professional Office Visits." If you have blood drawn at home, see "Laboratory, Radiology and Other Diagnostic Services."

Important Questions	Answers	Why This Matters
What is the overall <u>deductible</u> ?	Preferred <u>Deductible</u> : \$4,000 member/\$8,000 family Standard <u>Deductible</u> : \$6,000 member/\$12,000 family Benefits are administered on a calendar year basis.	Generally you must pay all the costs up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the policy, they have to meet their own individual <u>deductible</u> until the overall family <u>deductible</u> amount has been met.
Are there services covered before you meet your <u>deductible</u> ?	Yes: <u>Preventive care</u> , prescription drugs, Preferred Network <u>provider</u> office visits, <u>emergency room care</u> , outpatient mental health services, <u>Rehabilitation services</u> , <u>Habilitation services</u> , routine eye exams, are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But, a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services
What is the <u>out-of-pocket limit</u> for this <u>plan</u> ?	Preferred Network: \$6,000 member/\$12,000 family Standard Network: \$7,350 member/\$14,700 family	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limit</u> until the overall family <u>out-of-pocket limit</u> has been met.

Important Questions	Answers	Why This Matters
What is not included in the out-of-pocket limit ?	Premiums , balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See https://www.harvardpilgrim.org/public/find-a-provider or call 1-888-333-4742 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance-billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

Coinsurance maximums listed above (if any) will never apply. If a Deductible applies to a particular tier, you will be responsible for paying the Deductible, then 20% Coinsurance.

*Coinsurance is based on the full cost of the medication, up to a maximum dollar amount for each prescription. The full cost will be the lower of the participating pharmacy's retail price or the price of the medication at Harvard Pilgrim's discount rate.

You may purchase up to a 90-day supply of maintenance medications from certain Maine retail pharmacies. When you obtain a 90-day prescription from one of these Maine retail pharmacies, you will pay the Mail Service Prescription Drug Program Member Cost Sharing. Although most maintenance medications are available for a 90-day supply, we may limit drugs for clinical reasons or to prevent potential waste. In addition, specialty drugs, discussed above, are not available for a 90-day supply.

Your plan has an annual out-of-pocket maximum, which is listed on the Schedule of Benefits. Once you have reached the out-of-pocket maximum (including Deductible, Copayment and Coinsurance amounts), your prescriptions are covered in full for the rest of the year with no other cost sharing required.

Visit **www.harvardpilgrim.org/2024Value5T** for participating pharmacy locations and mail order details. Be sure to show your Harvard Pilgrim ID card at the pharmacy to ensure you pay the correct cost-sharing amounts.
